Using Your Remote Control.

Take a few moments to get to know your remote control and buttons. We’ll be referencing them throughout this guide.

- Record what’s on TV in a snap.
- Replay what’s on TV in a flash.
- View all Video On Demand options in an instant.
- Control your personal settings.
- Exit from menu screen to TV.
- View the interactive program guide, with a live picture-in-picture window.
- Edit text on your program search screen by keyword, title, or subject.
- Fast-forward 30 seconds through programming.
- Check all of your DVR options in an instant.
- Access Facebook, Yahoo! Sports, Picasa and more with the App Center.
- Navigate channels, menus, and screens using arrows.
- View program info on plot, actors, ratings and recommendations.
- View your phone call log.
- Flip to the last 5 channels in a click.

How to set up your remote:

1. Press and hold SETUP until the mode key blinks twice.
2. Press the mode key for the device you wish to set up (please initially start with the TV). The mode key will stay lit.
3. Press and hold the OK key. Release the OK key when your device turns off.
4. Repeat Steps 1-3 for each applicable device (DVD and AUX).

If you encounter any issues with your device setup, refer to the MXv4 IR Remote Control User’s Guide for additional setup instructions/options (see Setup Methods A and B). For MXv4 RF remote control setup instructions, please refer to the MXv4 RF Remote Control User’s Guide that came with your remote. Remote Control User’s Guides are also available on centurylink.net/prism/help.
Getting Started.

The TV basics.

1. Turn on your TV and **POWER** on your remote (make sure STB mode is selected).

Interactive Program Guide.

Now finding what you really want to watch is easier than ever. Search through all of your channels with the push of a button.

1. Press **GUIDE** to see show listings.
2. Use the arrow buttons to scroll through channels.
3. To view more details, highlight a program and press **INFO** again to return to guide.
4. Press “Exit to TV” to return to the program you were watching.
Using Your Whole Home DVR.

Whole Home DVR. DVR in every room. Brilliant.

Recording with your DVR.

- In **GUIDE** mode, use the arrow buttons to scroll through shows, and record any show, current or future, simply by pressing RECORD (a red dot will appear after the show title in listings).
- Access recorded shows by pressing the **RECORDED TV** remote button or by selecting RECORDED TV from the main menu screen.
- You can also record an entire TV series by pressing RECORD a second time.
- To cancel a recording, press RECORD a third time.

**TIP**

You can also record instantly by pressing RECORD while watching another program.

**NOTE**

Don’t have Whole Home DVR and would like to upgrade? Please refer to back cover for the contact number.

Subscription to Whole Home DVR required or to qualifying TV plan that includes it.
Pause, play, rewind and replay live TV.

- Pause a live TV show for a snack, then resume playing where you left off – even skip commercials after you’ve paused TV.
- Press the REW button to rewind or press it 2 or 3 times to increase rewinding speed.
- Missed something? No problem, press REPLAY to back up 7 seconds.
- If you’ve paused or replayed live TV, or you’re watching recorded content, you can use the FF and SKIP buttons to go forward if you have not changed channels.
- FF can also be pressed 2 or 3 times to increase speed.

How to program your DVR remotely.

Working late? Out of town? Whatever your excuse, now you can manage your DVR library, set recordings and customize your online guide from any mobile device or Internet-enabled PC.

To record from the Prism mobile app:

1 Launch the app.
2 Press “Guide.”
3 Choose a category or watch live TV.
4 Press the show you would like to record.
5 Press Record Show or Record Series.

To record a program remotely:

1 Visit your CenturyLink home page (see back cover for URL).
2 Select Prism TV under the Home drop down or click the Manage Your Prism DVR Online remote control image.
3 Select the program you wish to record/manage.
4 On the Details screen, choose to record this show or entire series.
5 Add space to the end of the program’s scheduled end time if needed.
6 Choose Save Recording.
7 The guide will highlight the program and label with REC.

To delete a recording:

1 Select the recorded program.
2 Choose Cancel Recording from the Details screen.
**Find-It-Fast Navigation.**

**Easily find what you want, when you want.**

Quickly search for shows by title, category and actor – watch or record them to your DVR at the push of a button. It’s that simple.

1. Press **OK**, then scroll down to **SEARCH** and press **OK**.
2. To search, select letters using the arrow buttons to spell out title, category, or even actor, and press **OK**.
3. A list of results appears as you type; use the arrow buttons and highlight a show for playing times.
4. Press **OK** to view the program or press **RECORD** to record it on your DVR.

**TIP**

Miss part of the show? Press **INFO** while watching a program to see additional upcoming showtimes.

**Picture-In-Picture Navigation.**

**See what’s playing on one channel while watching another.**

1. While watching TV, press the up/down arrows to view a second picture-in-picture window of what’s on other channels.
2. Press **INFO** to see program details.
Create a Favorites List for your favorites.

Check what’s playing on all of your favorite channels fast.

1. Press Enter, on the lower right of the remote.

2. From Viewing Options menu use the arrow keys to highlight Change favorites, then press OK.

3. Use the arrow keys to highlight a favorite channel from the available list. Press OK to add the channel.

4. To store your favorites, use the arrow keys to highlight SAVE and press OK.

5. To VIEW your favorites
   (A). Press Enter on the lower right of the remote.
   (B). From Viewing Options menu, use the arrow keys to highlight View favorite channels, then press OK.

6. To EDIT your favorites
   (A). Press Enter on the lower right of the remote.
   (B). From Viewing Options menu, use the arrow keys to highlight Change favorites, then press OK.
   (C). Use the arrow keys to highlight channels from the available list. Press OK to check (add) or uncheck (subtract) a channel.
   (D). To store your edited favorites, use the arrow keys to highlight SAVE and press OK.

Warp-Speed Channel Change.

There’s virtually no lag time between one channel and the next.
Multi-View.

4 shows. 1 screen.

• Multi-View lets you keep an eye on four different shows in a specific genre – all on one screen – at one time.

• Access the Multi-View Application through the App Center by pressing GO INTERACTIVE on the remote. Use arrow buttons to scroll to Multi-View. Use the down arrow to access Multi-View. Use left/right arrows to highlight category. Press OK to launch category.

• Once in Multi-View, use the up/down arrows to scroll between available channels.

• Press ENTER to choose the channel you’d like to see on the larger screen. To exit to regular programming, press EXIT and the channel that’s on the Multi-View screen will become full screen.

• To access Prism News, Prism Sports, and Prism Kids by their designated channel, please see the identified chart.

Prism On Demand.

Watch what you want, when you want, with more entertainment On Demand.

We make it easy to access Prism On Demand. Many programs are available FREE. And if there’s a charge, it’s simply added to your monthly bill. No hassles and no late fees. You can even set a passcode to control purchasing.

• Access your favorite movies and shows with Prism On Demand.

• Enjoy movies the same day they are released on DVD.

• Movies starting as low as $2.99 and new releases as low as $4.99.

• Available in HD.
• Free movie previews before you rent.
• Some releases available 28 days before Netflix® or RedBox®.
• 1, 2, or 3-day rental periods available – watch a show, pause and finish it later, or replay the show several times.
• No waiting or downloading required.
• Access to lots of FREE On Demand programs from your favorite channels.

NOTE
Prism On Demand cannot be recorded to the DVR. You can watch any On Demand program for up to 24 hours, so feel free to start over or pause, and continue watching your program later.

Preimums On Demand.

Watch the hottest shows on your schedule, with Preimums On Demand.

Want Premium Channels, but don’t have them?
Please refer to the back cover for contact number.
Accessing Prism On Demand.

1  Ways to access:
   (A). Press ON DEMAND on your remote.
   (B). Press MENU, then VIDEO ON DEMAND.
   (C). Go to channel 1.

2  Use arrows on remote to browse shows by genre – even select by subcategories.

3  Select the video you want.

4  You can watch a preview of many Video On Demand and Pay Per View titles by choosing the title name, then Preview.

Pay Per View.

Access exclusive ringside events and more with Prism™ TV’s Pay Per View.

Ways to Access:

1  Go to channel 2 or 101 (SD) depending on your market, or 1101 (HD).

2  On the remote, press ON DEMAND, then arrow right to EVENTS, then select an ON DEMAND category.

3  Press MENU, use the right arrow to VIDEO ON DEMAND, then arrow down to select VIDEO ON DEMAND category then arrow right to EVENTS, then select an ON DEMAND category.

TIP

You can watch any ON DEMAND program for up to 24 hours, so feel free to start over or pause and continue watching your program later.
Watch all your favorite HD channels in reach-out-and-touch-it picture quality with the ability to deliver up to 1080i picture resolution.

Watch all the gridiron action in razor-sharp definition from the best seat in the house – your sofa.

In order to use CenturyLink® Prism™ HD service, you must have an HDTV and our Prism™ HDTV package. Don’t have HD and would like to upgrade? Please refer to back cover for contact number.

High Definition (HD) service (included in Prism™ Complete and Premium packages; if elected for basic Prism™ TV service, a monthly fee will apply) is required to view HD channels.
Share photos and music on your TV.

With Personal Media Sharing, you can access your stored personal photos and music from your PC and show them to family and friends on your TV. It’s technology like this that makes CenturyLink® Prism™ TV truly advanced.

NOTE

Requires a Windows-based PC with Windows Media Player 11 or higher.

1. First, open Windows Media Player on your PC by clicking on the desktop shortcut.
2. Then, locate the Library button on the Windows Media Player toolbar.
3. Click the Library button and then click the Media Sharing button.
4. Select the Share My Media check box and click on the generic device icon labeled Unknown Device.
5. Then press the OK button.

If multiple generic device icons appear, don’t worry. Select and allow all of these devices. Your PC will then be configured to share media with your set-top box.
Playing music on your TV.

1. Select a Windows Media Connect server and use the up/down arrow buttons on your remote to select a music category.
2. Then press the **OK** button.
3. Select a song or playlist and then press the **OK** button. The media will begin playing and metadata will be displayed.

Viewing photos on your TV.

1. Select a Windows Media Connect server and use the up/down arrow buttons on your remote to select a photo category.
2. Then press the **OK** button.
3. Use the up/down arrow buttons on your remote. As the photo name is highlighted, a thumbnail will be displayed.
4. Press the **OK** button to display an individual photo or a slideshow.

Play music and view photos at the same time.

1. Select a photo, playlist or song.
2. Press the BACK button and select another photo, playlist or song and then press the **OK** button. Note: This media can’t be the same type as the previous selection.
3. To exit, press the **MENU** button selected in step 1.
Brilliant TV starts with brilliant features.

Want local news and weather and daily updates on gas prices as well as personal info? The Prism News and Information Dashboard gives you everything you need – right on your TV. You can even get your horoscope, recipes and lottery numbers on whatever channel you’re watching.

1 There are 2 easy ways to launch the Prism Applications:
   (A). Press GO INTERACTIVE on the remote.
   (B). Press on the remote, then select PRISM APPLICATIONS.

2 Once in Prism Applications, use the arrow keys to scroll left or right to choose from any of the applications.

3 To select applications in a certain category, use the down arrow until it is highlighted.

(Pressing will add a selected app as a favorite – Pressing will remove it.)
Localize your Dashboard and Prism Applications.

Press **MENU** → Scroll right to **PRISM APPLICATIONS** → Select **TV DASHBOARD** → Scroll down to select **SETTINGS** → Press **OK** → Scroll up to select **LOCALIZATION** → Press **OK** to open the localization screen.

To begin selecting a location, select the letter that corresponds with the first letter of the country in which you live. Select the letter by scrolling up or down using the remote, and press **OK**. Repeat this step for the state and city in which you live, and then press **OK** to confirm your location.

**NOTE**
Be sure not to abbreviate and to enter spaces.

After entering your location, scroll up and down to access the different Dashboard components including:

- Weather
- Recipes
- Lottery
- Horoscopes
- Applications
- Gas Prices
- Stocks
- Quotes
- Settings

On the dashboard, scroll right to enter and scroll left to return to the main screen.
Games.

Play games like Repeat, Sudoku and Urban Jungle with the family.
1. Press **GO INTERACTIVE** button on your remote, then scroll to the right and select **GAMES**.
2. Use the down arrow to access games.
3. Use the arrows to highlight a game.
4. Press **OK** to begin the game.

Weather Channel.

1. Press **GO INTERACTIVE** button on your remote, then scroll right to select **NEWS**.
2. Use down arrow to access **NEWS**, then use arrow to highlight the Weather Channel App.
3. Launch the Weather Channel App by pressing **OK**.
4. Use the arrows on the remote to navigate through options that include:
   • Current Forecast
   • Hourly Forecast
   • Five-Day Forecast
   • Alerts
   • Locations
   • Fahrenheit/Celsius
5. To add a location in the Weather Channel app, navigate to the right until “Location” is highlighted.
6. The default location that was selected when the Interactive Dashboard was set up will appear first as a selected Weather Channel location.
7. To adjust the Fahrenheit/Celsius setting, navigate to the right using the arrow key until the desired temperature measurement has been selected and press **OK**.
Facebook, Picasa and Yahoo! Fantasy Sports.

Step 1: Registration

(A). Navigate to: www.centurylink.net/prism_apps and log in if necessary.
   • If you do not have a centurylink.net account, you will need to create one before doing this. See back cover for contact information.

(B). Enter your information and click save.

Step 1: Registration (Arizona, Colorado and Nebraska)

(B). Enter your information and click save.
(C). Select the Prism tab.
(D). Select “Apps.”
(E). Select the desired app to register.

Facebook

3. Select Facebook (if you have a Facebook account).
   • Click Connect.
   • Complete the Facebook login.

   • Press GO INTERACTIVE button on your remote, then scroll to the right and select FACEBOOK.

   • To navigate to the Facebook app, navigate on the category bar until “Social” is highlighted.

   • Use the down arrow on the remote until Facebook is selected and press OK.

   • Once launched, there is a bar on the left-hand side of the screen that includes the following features:

     News Feed – Using the remote, view content on your feed and view details by pressing OK on the remote.

     Share – Allows you to share what you are currently watching or movies you have rented recently.

     On Now – Allows you to see who is logged into Facebook at the same time as you.

     Friends – Lists friends and allows the ability to view pictures and posts by selecting OK once the friend’s name is highlighted in blue.
Photos – View photos on your profile and your friends’ profiles by selecting **OK** on the remote. Pictures will be viewed in grid format, but to view full screen, simply select the picture and press **OK**. Press back to exit full screen or return to the Facebook menu.

Wall – To view someone’s wall, select a friend and select **OK** on the remote. The wall will allow you to view all posts a person has made. Select a post to view the complete details.

Settings – Allows you to select the Auto-share option. Auto-share is a notification that will automatically pop up whenever you are watching a program. To select this option, select the box on the left-hand side of the screen and save.

---

**Picasa**

4. Select Picasa (if you have a Picasa account).
   - Click Connect.
   - Complete the Picasa login.

- Press **GO INTERACTIVE** button on your remote, then scroll to the right and select **PICASA**.
- To navigate to the Picasa app, navigate on the category bar until “Social” is highlighted.
- Once logged in, select a user profile and complete login.
- Once logged into the selected user account, select an album and press **OK** to view photos.
- Navigate through the album to view pictures using the arrow keys on the remote.
- When a photo is selected, it will enlarge into the Photo view.
- At the bottom of the picture, there are two options that can be selected to view pictures – Mosaic view and Slideshow view.
- The Mosaic view will allow you to view multiple pictures in a grid. To exit this view, press **TV** on the remote.
- Once a picture is selected in the Slideshow view, you can begin the slideshow.
- Slideshow controls are operated by using the Play, Pause, Fast-Forward, and Stop functions of the remote.
Prism on the Go.

Prism Mobile App.

Watch what you want – where you want – on any device you want.

For people that are always on the go, Prism on the Go is the perfect way to keep up with your shows. It lets you watch TV anywhere – on any device – even set your DVR remotely. Not to mention, you can also access To-Go channels like HBO GO®, MAX GO® and Video On Demand, too!

Prism TV Apple app (iPhone/iPod/iPad)

To download from Apple device (iPhone/iPod/iPad)
1. Go to App Store.
2. Select search function.
3. Enter “CenturyLink.”
4. Select CenturyLink® Prism™ TV and download.
5. After installation, select Prism™ TV app.
6. Enter centurylink.net or my.centurylink.com Username and Password to access.

Prism TV Google Play app (Android phone and tablet)

To download from Android device (Smartphone or Tablet)
2. Search for “CenturyLink.”
3. Select CenturyLink® Prism™ TV and install.
4. After installation, select Prism TV app from Google Play app store.
5. Enter centurylink.net or my.centurylink.com Username and Password to access.

iPhone, iPod and iPad are registered trademarks of Apple, Inc.
Accessing Online TV from www.centurylink.net

1. Go to centurylink.net.
2. From home page select “Prism” tab.
3. There are multiple ways to find a program to watch online. Select from the following tabs:
   - Watch TV – Overview
   - TV Listings and DVR – TV guide and access to recordings
   - Networks – Alphabetical listing of online TV networks
   - Browse TV Shows – Alphabetical listing of shows. A filtered search by genre and network is also available
4. Make your program selection.
5. Enter centurylink.net Username and Password.
6. Watch program.

Accessing Online TV from www.mycenturylink.com

2. From home page select “Watch TV” tab.
3. There are multiple ways to find a program to watch online. Select from the following tabs:
   - Watch TV Online – Overview
   - TV Listings – TV guide
   - Networks – Alphabetical listing of online TV networks
   - Browse TV Shows – Alphabetical listing of shows. A filtered search by genre and network is also available
4. Make your program selection.
5. Enter mycenturylink.com Username and Password.
6. Watch program.
Channels on the Go.

Go Channel Setup Steps Online:
1. Go to network’s site.
2. Log in to account.
3. Find page dedicated for On Demand or live TV. (If using dedicated Go channel site, skip this step.)
4. Select provider.
5. If you don’t have an account name and password, you will need to create one to access Go programming. Please call to create one (see Help Desk number on back cover).
6. Insert CenturyLink home page username and password.

• Press GO INTERACTIVE button on your remote, then scroll to the right and select GO CHANNELS.

Mobile Device:
1. Download network channel app.
2. Select the login button.
3. Select provider.
4. Insert CenturyLink home page username and password.

HBO GO® and MAX GO® are only accessible in the U.S. and certain U.S. territories where a high-speed broadband connection is available. Minimum 3G connection is required for viewing on mobile devices. Some restrictions may apply.

Advanced Parental Controls.

Manage who watches what with locking controls.

To access Parental Controls, you will need your system PIN provided to you at installation. Or, refer to back cover for contact number to establish a new PIN.

1. Press MENU on your remote.
2. Use the right arrow to highlight SETTINGS.
3. Select General, then scroll right to PARENTAL CONTROLS and press OK.

Questions? We’re here to help. Visit: channel 411 | See back cover for contact information.
4 Select **PARENTAL LOCKING** – you will be prompted for your system **PIN**.
5 You may then enter or create a viewing **PIN**.
6 After entering the **PIN**, you will be able to control viewing by rating, channel, program, etc.

**TIP**
To view a restricted channel or program, select Unlock on the screen and enter your **PIN**.

**Locking On Demand video rentals.**

1 From **PARENTAL LOCKING** screen, use the down arrow to select Change next to rentals and press **OK**.
2 Use right arrow to select Lock Renting and press **OK**.
3 Use left arrow to select Save and press **OK**.
4 Press **OK** to return to live TV.

**Troubleshooting.**

**Frozen picture, no picture or sound on one TV – but other TVs work fine?**

1 Make sure the set-top box is powered on and connected to the TV.
2 Make sure the TV is powered on.
3 If you are still experiencing trouble with this TV, try unplugging the set-top box from the wall and then plugging it back in after 5 seconds. Test again after the box fully reboots.

**TIP**
Access the 411 channel for system options and future instructions.
Questions? We’re here to help.
Visit: channel 411  |  See back cover for contact information.

How do I access Caller ID on my TV?
You must have home phone service with CenturyLink to enable this feature. If you’d like to switch to CenturyLink, call 800.201.4099.
To access: Press – Settings – Call Log.

How do I turn on Caller ID on my TV?
To turn on/off: Press – Settings – Caller ID/on or off.

What if my Set-top Digital Box won’t turn on?
1 Check to make sure the set-top box is plugged into a live electrical outlet.
2 If the answer is yes, try resetting the box as described in the Troubleshooting section.

The remote won’t control the Set-top Box.
1 Ensure that the remote has fresh batteries.
2 Ensure that the upper left button flashes when receiver control buttons are pressed. If not, press that button and try again.

I have video but no sound.
Check the physical connections between the receiver and the audio player (TV, stereo receiver, etc.).

The receiver will not respond.
Try resetting the box as described above, in the Troubleshooting section.

How many receivers with DVR functions can I have in my home?
You need one receiver for each TV from which you want to view the Prism service.

How many hours of recording time does my DVR have?
1216 Capacity – 106 hours of SD, 42 hours of HD
1232 Capacity – 230 hours of SD, 91 hours of HD

Will my DVR record on more than one TV in my home?
Yes, your DVR’s recording function can be accessed on up to 4 TVs in the home.

Can you record with the DVR and watch another channel?
Yes, you can watch or record up to 4 shows simultaneously. See page 5 for more information.

Can parental locking be used with Video On Demand?
Yes. See page 22-23 for more information.

If a program is locked, do I need a PIN to record it?
Yes. See page 22-23 for more information.

Issues with your service?
Call 866.314.4148
centurylink.net
Arizona, Colorado, Nebraska
mycenturylink.com

Want to upgrade your service?
Call 800.201.4099
Arizona, Colorado, Nebraska
Call 877.628.3617

Not sure what the wireless encryption key is for your Internet service?
1 Follow the directions under the corresponding device (below) to locate your wireless encryption key.

Cisco
1 Locate the serial number on the bottom of the device.
2 The wireless encryption key (WEP) is the number 0 followed by the Cisco’s complete serial number.

2-Wire
1 On the bottom of the 2-Wire, the key will be listed next to the Wireless Network Key.

C2000A
1 Locate the Key/Passphrase at the bottom of the device.

Frequently Asked Questions.
